**Two Family Nurse Practitioners Joining Beaver River
Health Center Medical Team**

LOWVILLE, NY— Lewis County Health System and Beaver River Health Center are pleased to announce that two new Family Nurse Practitioners will join the medical staff this Fall.

"The Beaver River Health Center staff is looking forward to welcoming Nurse Practitioners Amy Phair and Alison Kiser to their patient-focused team," stated Sean Harney, M.D., Chief Medical Officer of Employee Practices. "The additional two well-trained and caring providers will improve access to health care services in the Beaver Falls area and bring a great depth of experience to help us better serve the community's needs."

Family Nurse Practitioner Amy Phair, FNP-C, will join the staff in September. Amy earned her Master of Science, Family Nurse Practitioner, from SUNY Polytechnic Institute in Utica, NY. She received her Bachelor of Science in Nursing from SUNY Delhi, Delhi, NY, and her Associate of Applied Science in Nursing from St. Elizabeth's College of Nursing, Utica, NY.

Family Nurse Practitioner Alison Kiser, FNP-C, will join the team in October. Alison earned her Master of Science, Family Nurse Practitioner from Upstate University, Syracuse, NY. She received her Bachelor of Science in Biology at the State University of New York College at Fredonia, Fredonia, NY, and her Associate of Applied Science in Nursing at Mohawk Valley Community College in Utica, NY.

Amy Phair, FNP-C, and Alison Kiser, FNP-C, will join physicians R. Brian Shambo, M.D., and Robert Semlear, M.D. Beaver River Health Center will release more information on each new provider and appointment schedules in September.
